You are invited to attend
PTEN Patient Meeting
March 25-26, 2018
Huntsville, Alabama

The PTEN Hamartoma Tumor Syndrome Foundation will present a patient focused PTEN patient meeting. A comprehensive conference website will be made available at a later date. For additional information, email ptensyndromefoundation@gmail.com.

Featuring:

Dr. Charis Eng, MD, PhD, CCF and more than 10 leading researchers and clinicians

Conference overview:

- PHTS cancer risks and screening requirements
- Autism, developmental delays, and daily management
- Research developments and studies
- PHTS overview and discussion

** Please note that we will offer travel stipends and discounted hotel rates to qualified individuals. These details will be shared at a later date.*

The PTEN Hamartoma Tumor Syndrome Foundation was founded to find treatments or therapies for PTEN Syndromes by funding research, providing PHTS education, supporting patients, and by raising awareness.
